No 1. ECSA Breaking News.

#### **MEDIA STATEMENT**

#### 15 June 2021

# **CEO Placed On Precautionary Suspension Pending an Investigation**

The Engineering Council of South Africa (ECSA) has placed its Chief Executive Officer (CEO) on precautionary suspension with full pay pending an investigation into allegations of misconduct. The suspension of the CEO is with effect from Friday, 11 June 2021.

The precautionary suspension of the CEO is to maintain the integrity of the Council whilst investigations are conducted.

Once the recommendations of the final report are concluded, Council will consider them and make its final decision.

In the interim, Mr Gerald Boitumelo Mokgoro has been appointed as Acting CEO to take over the day-to-day operations of ECSA with immediate effect.

The Council and management team of ECSA are committed to ensuring business continuity that underpins continuous performance of the organisation.

-Ends-

# Issued by the Engineering Council of South Africa.

#### No 2. ECSA Invoices.

ECSA has sent these sent out in early April.

Kindly note that it appears that the ECSA invoice again does not show the **discount of R 680** but just a total.

The fee for our members **is R 3800** instead of R 4480 (and R1570 instead of R1810 for candidate members).

So check your ECSA invoice as it should not be R4480. If it is, take it up with ECSA to get the discounted figure.

# No. 3. ECSA Discount for Chamber members.

ECSA requested us to supply a list of registered, members and a list of memberships that have been cancelled, to enable them to update their database for the purpose of granting annual fee discounts to active members. In early February members were asked to check that their COET annual fee for 2021 was paid because if not they may not be granted the ECSA discount on the annual fee which is due in April. To all those who have paid their annual COET fee we say thank you - your name is on the good standing list. The discount is usually more than enough to cover the COET fee. So it pays to belong to COET!!!

Invoices and statements were sent out in December, January and again in February. The standard annual fee is R500 for individuals and R1750 for Company members.

To those who have not yet paid please note that the deadline was 26 February so ECSA may not grant the discount.

You snooze, you lose!!

To the many who have paid so far we thank you.

# No. 4. Engineering documentation -Legal requirements

On the question of keeping copies of all engineering work done and whether these must be hard copies or soft copies the Government Gazette Vol 669, 26 March 2021 No. 44333 gives the following answer.

8.5 Records.

All information produced during the performance of Engineering Work must be safely and securely stored for future reference for a minimum period of 10 years from the date of completion of the work as specified in the Code of Conduct. Where this information is stored in electronic format, reasonable steps must be taken to protect data against unauthorised access, loss or deletion.

## No.5. ECSA Recognises Computer and Mechatronic Engineering.

Dear Valued Stakeholder,

Following consultations and inputs received from stakeholders on the possible addition of the Computer Engineering and Mechatronic Engineering as disciplines for recognition by the Engineering Council of South Africa, we are pleased to inform you that the process has been finalised and the two disciplines have been added.

The Discipline-specific Training Guides for Engineers, Technologist and Technicians are included on the email and are available on the ECSA website:

https://www.ecsa.co.za/EcsaDocuments/sitepages/ecsa%20documents.aspx

Kind Regards,

Mbalenhle Dlamini Public Relations Officer

# No. 6. Reminder; ECSA. CPD Requirements for 2020 Relaxed!

Following an outbreak of the Coronavirus (COVID-19) and the impact of the lockdown in South Africa from March 2020, the Engineering Council of South Africa (ECSA) resolved to relax the Continued Professional Development (CPD) requirements and to exempt all Registered Persons from complying with the requirements for the year 2020.

This exemption is automatic and will be implemented by Council as follows:

All practitioners registered in professional or specified categories will be exempted from obtaining five (5) credits for the year 2020. These credits make up five (5) credits of the twenty five (25) credits for the five (5) year cycle required in order to renew registration(s) and will be distributed amongst the three categories as stipulated below:- Categories Activity Number of exempted credits: Category 1 Developmental Activities 1, Category 2 Work-based Activities 2, Category 3 Individual Activities 2 (Total 5). In terms of Section 22(1) of the Engineering Professions Act, the Registered Person must still apply in the prescribed manner to Council for the renewal of his or her registration. ECSA would like to wish all Registered Persons good health during these trying times and to express our gratitude for the continued support.

This is a reminder which we published in the April newsletter.

The above is good news for all ECSA registered IPET Members.!

# 7. Flag Bashielo Water Treatment Works Upgrade.

(report by C Mynhardt, Pr Tech Eng, the resident engineer, a member of our sister institute IPET).

# 1. Project

The purpose of the project is to upgrade the Water Treatment Works from 8 Megaliters to 16 Megaliters. The value is R54 000 000.

The upgrade consisted of:

Flocculation channels x 2

- Settling Tanks x 2
- Filter House x 1
- Backwash Chamber x 1
- 3 Megaliter Clear Water Tank x 1
- Mechanical Works
- Electrical Work

# 2. Locality

The project is situated in the Province of Limpopo at the Flag Bashielo Dam, 30 km north of the town, Marblehall.

# 3. Progress

The project is currently at 93 percent completed.

# 4. Components

**4.1 Flocculation Channels** 

# **4.1.1 Northern Flocculation Channels**

\_

# 4.1.2 Southern Flocculation Channels

# 4.2 Setting Tanks 4.2.1 Northern Settling Tank

**4.2.2 Southern Settling Tank** 

4.2. Filter house

# No. 10. FORUM Talks on Registration with ECSA

The Institute of Professional Engineering Technologists (IPET) (our sister Institute) started this series of presentations in September last year, giving free guidance and advice on the registration process, the relevant documents and requirements, the various outcomes, the routes and educational requirements. It is usually held over lunchtime every second Wednesday. They have now had 14 presentation sessions starting off with a short talk on practical management followed by the presentations where participants get the basic information and then have any questions, personal or general, answered by qualified ECSA Assessors or Interviewers. There are on average about 25 to 35 participants every Wednesday.

The first few sessions were not recorded, but from session 5 onwards they were recorded until the latest one, no 14. These recordings as well as the presentations are uploaded onto the **website** <a href="https://professionalcpd.co.za">https://professionalcpd.co.za</a> for free viewing. On the website, click on "View Courses" for these and other material.

While tis is aimed at Technologists it is still use full to other categories of registration.

Here is the list of presentations:

- 1. The ECSA Registration Process
- 2. Broadly defined Engineering Activity
- 3. Background and Guidelines
- 4. Mentorship
- 5. Outcome group A requirements

- 6. Outcome group B requirements
- 7. Outcome group C requirements
- 8. Alternate Route to Registration
- 9. Alternate Route to Registration: Outcomes 1 and 2
- 10. Alternate Route to Registration: Outcomes 3,4,and 5
- 11. Types of Interviews
- 12. Referees
- 13. Filling in the ECSA Forms
- 14. Completion of ECSA Application Forms

Why Register and the tasks of ECSA and the Professional Institutes
